EDUCATION

Bachelor's Degree
Computer Science Engineering
Erode Sengunthar Enginnering College
CGPA – 8.24 | MAY 2026

HSC
Sengunthar girls Hr Sec School
77% | MAY 2022

SSLC
Sengunthar girls Hr Sec School
66% | MAY 2020

SKILLS

Core Java
SQL
React Js
JavaScript
HTML , CSS

TOOLS

Visual studio Code
GitHub
My SQL Workbench

AREA OF INTEREST

- Software Developer
- Full Stack Developer

CAREER OBJECTIVE

Software Developer with strong problem-solving skills, eager to design and implement innovative solutions that improve efficiency and user experience, while seeking opportunities in a technology-driven organization to grow my career and contribute to impactful projects

PROJECT ACTIVITIES

Taxi Booking System

A Java-based console application designed to simulate a taxi booking process. The system enables users to view available taxis, make bookings, and retrieve booking details through a simple menu-driven interface. It is implemented using Object-Oriented Programming principles, control structures, and console-based I/O handling, demonstrating strong command over core Java programming.

Portfolio Website

My portfolio website is a responsive application built with React.js, designed to showcase my skills, projects, and achievements. It features sections such as Home, Resume and Contact, with a clean and modern UI for easy navigation. The site highlights my technical expertise in React.js, MySQL, JavaScript, HTML, and CSS, and includes an integrated contact form for direct communication.

Student Management System

Developed a database-driven application using Java and MySQL that allows administrators to manage student records, courses, enrollments, and grades. Implemented core SQL operations (CRUD) for efficient data handling and integrated JDBC for seamless database connectivity. Designed a structured schema with relational tables to maintain data integrity and optimized queries for faster retrieval.

CO-CURRICULAR SKILLS

PROBLEM SOLVING SKILLS

solved50+ problems on hackerank - <https://www.hackerrank.com/profile/jayalakshmim2905>
solved basic levels on leetcode - <https://leetcode.com/u/Jayalakshmi-m/>

COURSE COMPLETION

Java Fundamentals on Infosys springboard
Complete core Java on udemy
Problem Solving through C Programming on NPTEL
React for developer on Udemy
